

PAD industrial LED-Lighting

LED Dome Light OD 44mm

Our smallest dome light with only 44 mm outer diameter.

Opening for camera is only 8mm, but can be changed on request

Dome lights provide a highly shadow free lighting and avoids reflection from reflective objects more than ring lights.

The dome lights are housed in a black aluminium ring and a hemisphere.

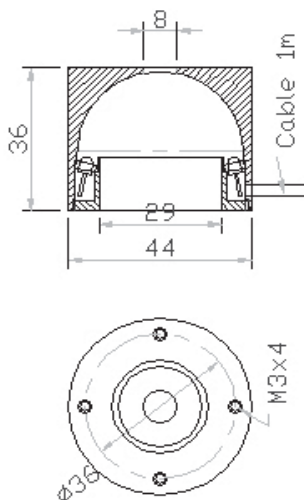

The best evenness of light will be achieved as close as possible to object.

This domelight is specially designed for very small objects.

Mounting: Four M3 screw.

Mechanical dimensions:

Specifications:

Can be used for either steady state or strobe mode together with our control units.

Supplied with 1 meter cable for controller connection.

CE-approved/RoHS compliant.
