

PAD industrial LED-Lighting

Coaxial light, 50x50 mm.

A coaxial light is used for sharp detection, which requires a very even light over the whole area.

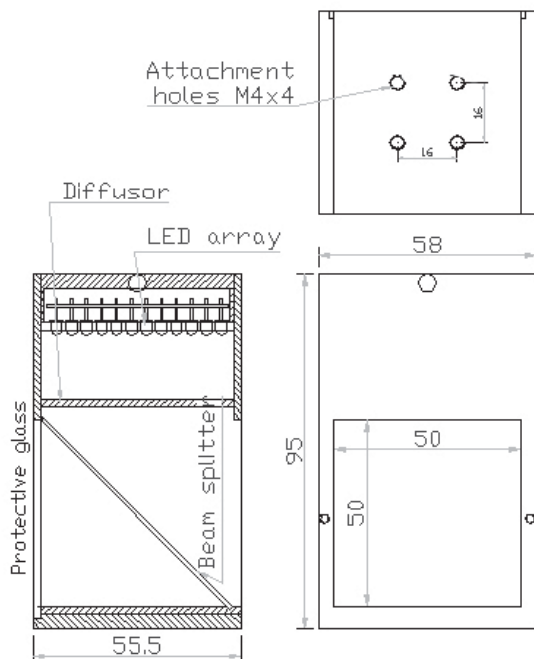

This coaxial light has exchangeable light head in order to change color head.

Light head available in red, blue, green, IR, white and RGB.

Protective glass, anti-reflex, optically white.
Four M4 screws for mounting.

Mechanical dimensions:

Specifications:

Can be used to all types of control units.
Supplied with 1 meter connection cable.

CE-approved / RoHS compliant.
