

Equipment Financing

Let Lambda fund your next equipment purchase

- Access to the best equipment
- Spread the cost over time
- Use your cash to develop your business
- Include service & maintenance contracts
- Plan your upgrade to the next technology level
- Long term lease or flexible rental periods
- ISO 9001:2015 certified
- JOSCAR registered

The best equipment can accelerate your research & development cycles and speed up production.

Buying equipment can require a large up front investment which can put a strain on cash.

Spreading the cost of these payments over time makes it easier on cashflow and means you can charge this expense against your corporation tax bill.

Talk to Lambda about funding your next piece of equipment.

Why Lambda?

- Qualified Engineers and Scientists who understand your applications
- Comprehensive product range for measuring signals from DC to Light, precision measurement & imaging
- In-House Services: training, calibration and repair
- Over 45 years experience in measurement and imaging
